

NEWS FROM BIRCHES GROUP

Birches Group Announces Strategic Partnership with Caribbean HR Solutions (CHRS) in Jamaica

Birches Group, a global market consulting group that provides salary and compensation data to developing countries, is pleased to announce its strategic partnership with Caribbean HR Solutions based in Montego Bay, Jamaica. With over ten years of experience, Caribbean HR Solutions provides outsourced HR solutions such as recruiting, employment agency, payroll & benefits and HR consulting to its clients. Having clients from various sectors in the country, Caribbean HR Solutions provides practical Human Capital management for companies entering the Caribbean Service Center market ensuring they access the best talent available.

Under this partnership, Caribbean HR Solutions will co-sponsor Birches' multisector survey and help promote survey participation to all their clients and other Jamaican entities. Together, both entities will also be exploring possible compensation management training events, webinars and other activities to provide professional development opportunities for HR practitioners in Jamaica.

In commenting on the partnership, Debra Fraser, CEO of Caribbean HR Solutions, said "We are excited to enter into this partnership with Birches Group. Being actively engaged in the HR industry for over 20 years, I believe that this partnership will provide Jamaican employers with competitive information to maintain their most valuable assets (employees). Over the years, Jamaica has been struggling with access to credible/specific data to make strategic employment decisions. We are pleased to partner with Birches Group as their solutions will move our clients and Jamaica in the direction of being a data-driven society."

ulienne Sayoc, Manager for Private Sector Business Development for Birches Group, added: "This collaboration with CHRS creates a mutually advantageous partnership that expands CHRS' product and service portfolio while it allows Birches Group to increase and sustain its visibility and penetration in the market. Combining Birches Group's expertise in compensation and benefits solutions with CHRS' well established presence and cross-functional HR expertise will undoubtedly bring about synergies that will ultimately benefit our mutual clients."
